

FIRE AND SECURITY ACTIVFIRE APPROVED

Zeal Fire And Security

The Zeal AGM Fire and Security range is available in several popular sizes to suit applications in standby, recreation, UPS, Fire & Security, generators and medical equipment. Complete with CSIRO ActivFire Certification, you can have confidence the product has been tested in fire environments to meet Australia's strict standards.

Features And Benefits

- ActivFire Certified*
- Absorbent Glass Mat (AGM) technology for efficient gas recombination and maintenance-free
- Essential sizes designed specifically for the fire and security market
- 5-10 years float life
- Low self-discharge
- 12-month warranty for 33ah and below
- 24-month warranty for larger sizes
- CCA rated sizes

Zeal Fire & Security Range

Model	Description	Length	Width	Height	Max Height	Terminal	Nominal Voltage	Rated Capacity (20Hr)	Rated Capacity (10hr)	Weight Kg
SA12V5	Zeal AGM 12V 5Ah	90	70	101	107	F1	12	5	4.7	1.6

AGM BATTERIES DEEP CYCLE RANGE

Zeal AGM - Deep Cycle Range

The Zeal AGM range of deep-cycle batteries are manufactured specifically to provide outstanding performance in deep cycling applications such as recreational, mobility, UPS, medical, electric power systems, and many more. The batteries are designed using enhanced alloy contents plates and active paste materials.

Features And Benefits

- Absorbent Glass Mat (AGM) technology for efficient gas recombination and maintenance-free
- Essential sizes
- 5-10 years float life
- Low self-discharge
- 24-month warranty 55Ah and above
- CCA rated sizes
- ActivFire Certified Models Available*
