

Excalibur®

Fire hose

NEW & IMPROVED!

12
MONTH

WARRANTY

Excalibur has had an upgrade! This commercial-quality layflat fire hose is woven with polyester fibres with our state-of-the-art Loomex™ technology. It has a fused thermoplastic polyurethane lining, creating an inseparable bond with the textile reinforcement. **Excalibur** is lightweight and very flexible.

This hose is easy to handle, allowing almost anyone to use it. By quickly opening the valve and starting the fire pump, **Excalibur** can help extinguish the fire before the brigades arrive. It is a popular choice for both industrial and rural fire protection. Due to its synthetic construction, it is mildew-resistant and does not require drying. It can be easily rolled up or folded, taking up little storage space. You'll find **Excalibur** in many fire cabinets across industrial sites and properties. Some minimum order quantities may apply.

Crusader Hose also offers the **Excalibur** as a ready-to-go Fire Hose Kit, complete with a shut-off nozzle and fitted couplings. The couplings will connect directly to your fire pump, and the nozzle gives you a far-reaching water spray, a significant safety benefit for those living in bushfire-prone areas.

MILDEW RESISTANT

FLEXIBLE

LIGHT WEIGHT

5250

SPACE SAVING

NO MAINTENANCE

FEATURES

- ✓ Easy to handle
- ✓ Easy to store
- ✓ Mildew resistant
- ✓ Available complete with fittings and shut-off nozzle
- ✓ Australian Made

TECHNICAL DATA

Diameter (ID)	25 mm	38 mm	51 mm	64 mm
	1"	1.5"	2"	2.5"
Max. working pressure*	2100 kPa	2100 kPa	2100 kPa	2100 kPa
Min. burst pressure	5250 kPa	5250 kPa	5250 kPa	5250 kPa
Weight/m	0.16 kg	0.23 kg	0.28 kg	0.35 kg
30 m coil diameter	0.38 m	0.40 m	0.41 m	0.45 m
Part #	HHE025XAA	HHE038XAA	HHE051XAA	HHE064XAA

*Dependent on maximum working pressure of attached couplings if lower.

NOTE: For larger diameters, refer to Centurion or Rapier

Available as a Fire Hose Kit complete with fitted couplings and shut-off nozzle
